

# QUATTRO

It's A Great Trick If You Can Do It.

**We Did.  
Again.**

## Quattro Hybrid Condensing Water Heater

The convenience of a tank combined with the efficiency of a tankless!

Thermal Hydronic Supply Ltd.  
North American Distributor  
thermalhydronics.com

- 99,000 btu of power with an impressive 7:1 Modulation
- Up to 100' of 2" PVC, CPVC, & Polypropylene vent capable
- Hyper-efficient maximum efficiency of 97% TE
- Tankless plus 40 gallon stainless steel storage tank
- Robust Boiler technology in a Hybrid Water Heater
- Convenient Top Connections & Zero Clearance Sides
- Intelligence meets simplicity – service friendly design

**See it. Believe it.**

# QUATTRO

## Just The Facts

Maximum Input: **98,952 btu/h**

Minimum Input: **13,650 btu/h**

Thermal Efficiency: **97%**

Continuous DHW Supply @ 54°Δt-1 hour: **251 gal**

Continuous DHW Supply @ 77°Δt-1 hour: **188 gal**

Continuous DHW Supply @ 54°Δt : **3.53 gpm**

Continuous DHW Supply @ 77°Δt : **2.48 gpm**

Width: **22.4"**

Height: **60.1"**

Depth: **23.6"**

Weight: **211lbs**

Venting Max: **up to 100' ( 2" PVC)**

## Quattro Hybrid Condensing Water Heater

The convenience of a tank combined with the efficiency of a tankless!

QUATTRO by Radiant takes water heating  
to a whole new level!

Don't Settle!
